Brochure

## acrylic! frosted acrylic screens

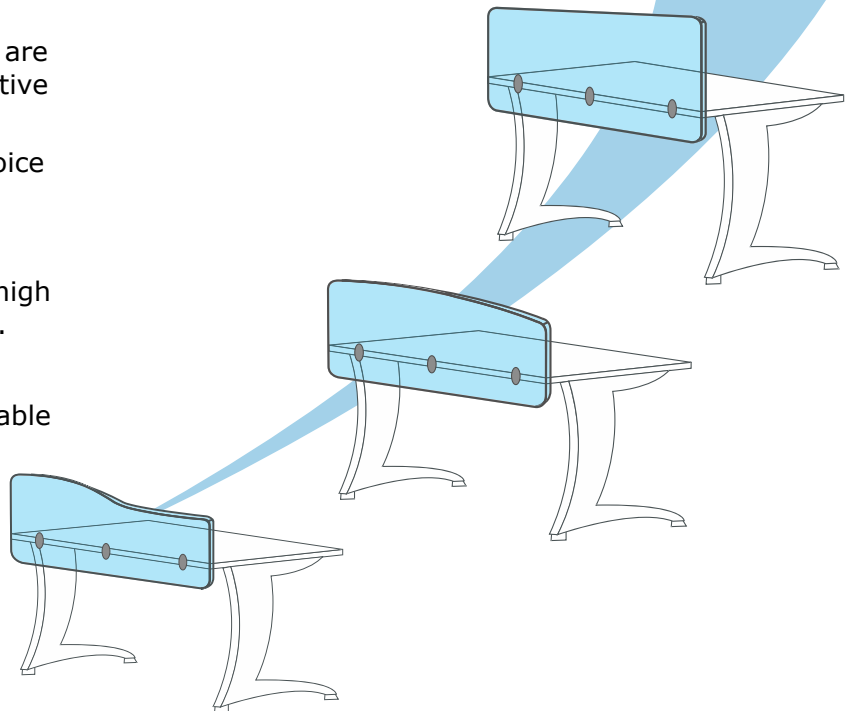

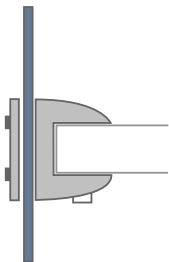

Introducing Acrylic: Acrylic screens are designed to provide a visually attractive solution to the division of space.

Available in three colour ways with a choice of top profiles.

All screens are 6mm thick, 500mm high with 400mm visible above the desk top.

Other sizes are available on request.

Freestanding screen option is not available in this range.

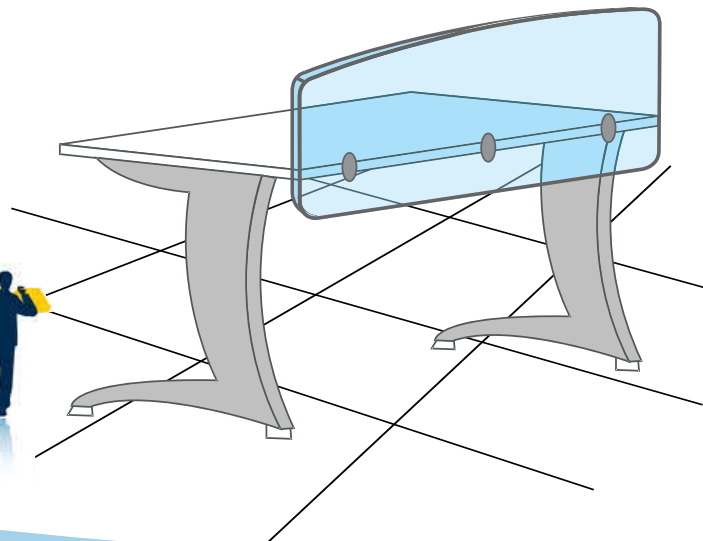

> **straight top** > **curved top** > **waved top**

### desk mounted >

Acrylic! Desk mounted screens are solo, individually fitted screens and don't require linking.

With top options that include straight, curved and wave profiles.
